YOUTH TECH *Summit 2026*

OCT 23 AND 24, 2026

**1 SHEAKLEY WAY CINCINNATI, OH
45246**

WE INVITE YOU to be part of an exciting summit designed to inspire, educate, and prepare youth for tech career pathways—and ignite a powerful passion for technology among youth, young adults, and their families.

The event will bring together tech-focused youth, parents, educators, employers, solution providers and industry professionals from across Greater Cincinnati to explore AI, robotics and other emerging technologies, essential tech skills, and high-growth career pathways.

Attendees will engage with the latest tech trends, hands-on workshops, and real opportunities in today's evolving tech workforce.

At the end of each day, celebrate with us at the after-party as we present tech awards, recognize outstanding youth, BYOC supporters, tech achievements, and enjoy lite bites together. It's a fun, community-building close to an inspiring day of learning, connection, and innovation.

Whether participants want insight into the future of technology or a clear starting point for a tech career, this summit offers a high-impact space to connect, learn, and get inspired.

WHO SHOULD ATTEND?

- **Youth and Young Adults (Ages 12-25):** This summit is for you if you have an interest in tech, coding, or simply want to learn about technology as a career path.
- **Parents:** This event is for you if you are looking for ways to support your child's interest in technology and want to better understand how to navigate opportunities in the tech industry.

WHY ATTEND?

- **Explore Technology Careers:** Learn about the vast array of career opportunities in the tech industry and how to pursue them.
- Learn about **workforce pathways** to land that desired career.
- **Engage with Industry Leaders:** Meet local businesses, technologists, and educators who are shaping the future of technology.
- **Stay Ahead of the Trends:** Discover the latest tech trends and how they impact the world and your future.
- **Hands-On Experiences:** Participate in interactive workshops and demonstrations that make technology come alive.

OCT 23, 2026 11AM - 5PM

YOUTH TECH

Summit 2026

WHAT IS THE BYOC YOUTH TECH SUMMIT ?

The BYOC Youth Tech Summit is the essential event for young adults (Ages 12-25) and their families who are interested in a career in technology.

Explore high-demand careers like AI, Cybersecurity, and Robotics and discover critical education and workforce pathways. You'll engage directly with industry leaders, employers and participate in interactive, hands-on workshops that bring complex tech concepts to life.

The Summit provides the resources, connections and potential mentors needed to succeed in a high-demand industry

BYOC CAMPS AND CLUBS YOUTH TECH Summit 2026

OCT 23, 2026 11AM - 5PM

OCT 24, 2026 11AM - 6PM

The Youth Tech Summit builds on the mission of BYOC Camps and Clubs to encourage and expand the pipeline of underserved youth into technology careers.

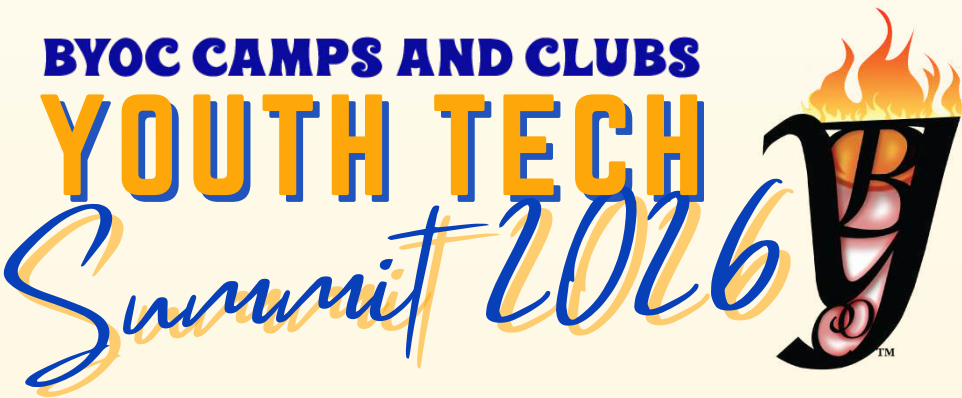

These workshops provide the tools needed to succeed in a high-demand industry with opportunities for advancement. The tech industry is a rapidly growing field.

ABOUT EDUCATION**

END OF EACH DAY

OCT 23, 2026 - 11AM - 5PM

OCT 24, 2026 - 11AM - 6PM

At the end of each day, the excitement continues at our high-vibe after-party, where we:

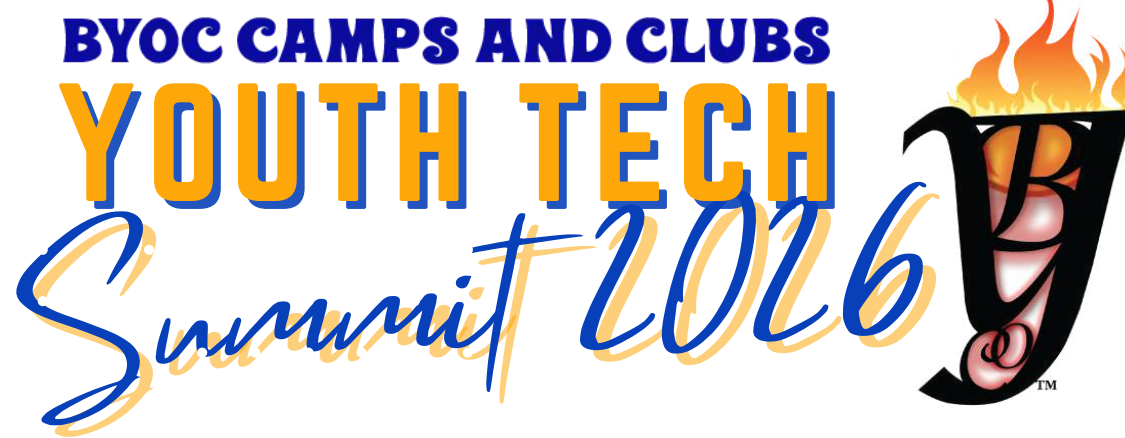

- honor standout youth,
- celebrate BYOC champions, and
- spotlight exceptional tech achievements with our signature Margie Day Tech Impact Award.

Enjoy lite bites, music, photo moments, and community as we toast the youth, the innovators, creators, and leaders shaping the future.

It's a lively, joy-filled finale to a day of learning, connection, and inspiration—an experience that brings everyone together and keeps the momentum going.

Award Nominations Open - Aug 3, 2026 to Sept 4, 2026

**DISCUSSIONS
ABOUT EDUCATION**

Overall employment in computer and information technology is projected to grow much faster than the average for all occupations between 2023 and 2033.

An average of 356,700 job openings are projected each year in these occupations.

The median annual wage for these occupations was \$104,420 in May 2023, significantly higher than the median annual wage for all occupations.

40% of Black students who enter STEM majors switch out before completing their degrees, highlighting a need for better support and mentorship

Only 20% of U.S. high school graduates are prepared for college-level coursework in STEM majors

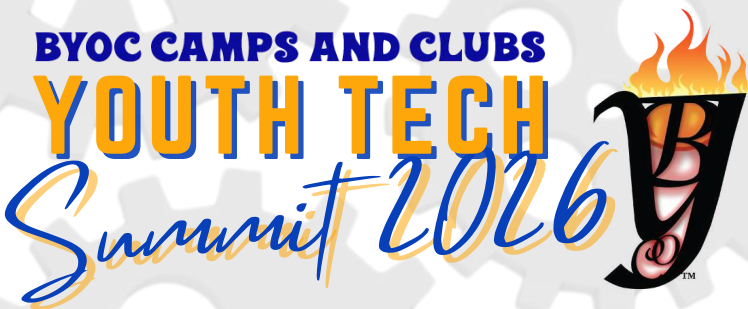

This summit aims to address these issues by connecting youth and families with the resources, mentorship, and tools needed to pursue a successful tech career.

By fostering a stronger understanding of tech careers and education paths, we can help more young people, particularly from underrepresented communities, stay on track to succeed in tech.
